Assault on Rocky Peak from the East
Hike leader: Roland Bassett

March 5, 2008

Trail head directions: If coming on 118 Freeway, exit on Topanga Canyon Blvd. and go north to Poema Place then left. You will come face-to-face with a gate to a gated community. Stop and park on either side of the street.

The hike: We will follow some green lines painted on the street/sidewalk which will correctly lead us through the McMansions for about one mile. At Macoda Lane there is the entrance to the real trail (do not follow any green line to the left--another trail). The total hike length (one-way) is slightly more than 4 miles with about 1200 ft. gain in elevation.

There will be no restrooms available so plan accordingly!
